

Net Results – Player Evaluation Service Terms of Service

1. Services Provided

Net Results agrees to provide a written **9-point player evaluation** analyzing the player's basketball skills, athletic ability, and overall performance. Based on this evaluation, Net Results will assess the level of college basketball (e.g., NCAA Division I, II, III, NAIA, or Junior College) at which the player currently projects to perform. Following delivery of the written evaluation, the client will receive a **30-minute video call** to review and discuss the results in detail.

2. Completion Timeline

Once the client has provided all required player information and video materials, Net Results will complete and deliver the written evaluation within **ten (10) business days**.

3. Payment and Refund Policy

All fees for the evaluation service are **non-refundable** once payment is received. Payment must be made in full before the evaluation process begins.

4. No Guarantees or Promises

Net Results does **not guarantee** any athletic scholarships, recruitment opportunities, team placement, or college offers as a result of this evaluation. The projection of a player's potential level is based on our professional judgment and should be considered an advisory opinion, not a guarantee of future outcomes.

5. Client Responsibilities

Clients agree to provide accurate and complete information, including video footage and player details necessary for evaluation. Failure to do so may delay the evaluation or affect the accuracy of the assessment.

6. Scheduling and Communication

Net Results will schedule the 30-minute review call within a reasonable time after the written evaluation is completed. If the client misses or fails to attend a scheduled meeting without notice, rescheduling may require an additional fee.

7. Intellectual Property

All written evaluations and related materials prepared by Net Results remain the intellectual property of the company. Clients may use the evaluation for personal and recruiting purposes but may not reproduce, resell, or redistribute it for commercial use without written consent.

8. Limitation of Liability

Net Results shall not be liable for any decisions, outcomes, or opportunities that arise (or

fail to arise) from the evaluation. The service is offered as an informational tool to support the player's development and recruitment process.

9. Acceptance of Terms

By submitting payment and engaging with Net Results for the evaluation service, the client acknowledges that they have read, understood, and agreed to these Terms of Service.
